

Radiance Healing

by Pujitha

Approved by Amma "To Radiate Like an Angel"

Radiance Healing is divine grace, which is the combination of "Shinki (the divine loving energy)" and "Prayer". Radiance Healing works to purify and adjust one's energy (aura) and provides profound healing to the exhausted body and mind. In this way one's self-healing power will become stronger, and various physical symptoms and ailments can be improved. Radiance Healing also works to alleviate stress and to improve physical disorders, irritation, and lethargy. Furthermore, it helps to increase one's vitality, willpower, and concentration. Compassion will grow naturally within one's heart, and one will become more kind to others.

Receiving Radiance Healing daily from a distance can make one's own energy (aura) shine radiantly. It can bring good health, happiness and peace in life, which leads one to a brighter future.

Radiance Healing is truly a gift from the divine.

Amma has blessed this "Shinki" healing that is a very unique form of healing only done by Pujitha.

{ Direct Radiance Healing Session }

(limited to 8 people/session)

Although this is a small group session, Pujitha sends the energy individually one by one in the session.

One of the beneficial effects of "Shinki" (the divine loving energy) is to set one free from anxiety and tension, and to bring about profound relaxation and healing. Many of those who have faith in "Shinki" have experienced the much deeper meditative state during the session.

Through the direct healing, it can reduce stress and improve physical disorders, irritation, and lethargy. One may feel more vitality, willpower, and deeper concentration. Also, one can become more compassionate and kind to others. The positive changes can be felt in twelve hours or more after the session.

Session Time: 60 minutes
Fee (donation): \$50/person

Radiance Healing From a Distance

Distance healing is a means to receive “Shinki” (the divine loving energy) and “Prayer” automatically every day without changing one’s daily routine. It is not necessary to stop and tune in to the healing energy at a certain time. By receiving distance healing daily, one’s energy (aura) will become well-balanced, and various positive changes can be brought about physically and mentally.

For example, on the physical level the healing energy works to alleviate chronic fatigue and ailments, to facilitate quicker recovery from a surgery, and to restore physical strength. One will gradually gain more vitality and deeper concentration, which can lead one to become more active and extroverted.

On the mental level, one’s true strength and positive qualities will gradually start shining through, and one may live with greater optimism, inner peace, calmness, and cheerfulness.

One may notice that lots of luck happens in one’s life, such as encountering positive people and good opportunities; also, things occur more smoothly, in a better way, and at the right time. One can become more reliable and likable, and one’s work can be recognized by others. All in all, fortune will smile on one in all aspects of life, whether in personal relationships, at work, or for business.

The blessings of “Shinki” and “Amma’s grace” can indeed take everyone to the healthier, happier, and peaceful life.

{ Fees (Donation) }

	Adult	Children (12 years and under)	Pet
One Year (~300 days)	\$300	\$200	\$200

{ Embracing the World }

All proceeds from Radiance Healing go to Amma’s world-wide charitable activities, Embracing the World – <http://embracingtheworld.org>. This includes proceeds from distance healing as well as from the direct healing sessions on Amma’s Japan and North American tours, and in Amritapuri, India.

Embracing the World is a global network of regional humanitarian organizations inspired by the India-based humanitarian initiatives of the Mata Amritanandamayi Math Ashram.

{ MA Oita Meditation Center in Japan }

With Amma’s permission, all proceeds from the direct healing sessions and the distance healing conducted at MA Oita Meditation Center are utilized to administer the center. Pujitha gains no personal income from Radiance Healing.

How to Register for Radiance Healing from a Distance

Radiance Healing Sign-Up Table

On Amma's Japan & North American tours and at Amritapuri in India in September and December, registration is available at the Radiance Healing Sign-Up Table. When you register at one of these sites, our staff will take your photograph (if you are to be the recipient of the healing). Please let our staff know if your photograph needs to be taken.

Website

Online registration is available throughout the year. To do so, please send us the most recent photograph of only the person who will be receiving the healing, and a copy of your donation receipt to our e-mail address, radiancehealing108@gmail.com. On your e-mail please let us know your name and the contact information (your e-mail and phone number); also, please indicate the person's name who will be receiving the distance healing, age and any health concern if he/she has. For more information, please visit the Radiance Healing website, www.radiancehealing.net

Radiance Healing from a distance is conducted by sending the energy through a photograph of the person or pet who will be receiving the healing (his/her single full body shot). Thus, just providing a photograph enables anyone to receive Radiance Healing. There is no need to tell the person about it in order for him/her to receive the benefits. Anyone can be registered: family members, friends, patients, students, pregnant women, babies, children and family pets, etc. Many people register their parents and friends for the distance healing - as a token of love.

{ Important Note }

Radiance Healing does not belong to any other kind of healing system. At the same time, this healing has no conflict with other healing modalities such as Western medicine, Ayurveda, acupuncture, massage, etc. Radiance Healing can be received along with any other type of treatment.

Radiance Healing is not a substitute for clinical or medical care. Neither Pujitha nor the staff will give any medical advice regarding prescription, medications or any other medical treatments. Please consult your doctor about these matters.
